Mi-Shield[®] Rub

Rapid Hand Rub

Faith Microsolutions, an ISO 9001:2015 & ISO 13485:2016 certified company offers best in the class of infection prevention solution. The product range comprises of most advanced chemical formulations adapted to Indian conditions. All the products are manufactured at a state-of the art ISO 9001:2015 & ISO 13485:2016 GMP certified facility, using the highest grade raw-materials. We follow most stringent quality norms and all our products are tested at NABL accredited laboratories as per EN (European) standards both during and after production.

Rapid Action

Mi-Shield Rub is a combination of 2.5% Chlorhexidene Gluconate with 70% Ethyl Alcohol which is proven to be more effective than 1% Triclosan, 4% Chlorhexidene and 7% Povidone Iodine formulations. It kills more than 9.9% micro-organisms within a short contact time of 30 Seconds.

Sustained Antimicrobial Action

Mi-Shield Rub formulation allows the active ingredients to penetrate the stratum corneum of the skin, forming a protective layer. This gives rise to persistent / residual anti-microbial activity for the entire period of surgery.

Moisturising Effect

Mi-Shield Rub is dosed with skin protection moisturizing formulation. This prevents the skin from getting dry and provides exceptional soothing effect.

AREA OF APPLICATION :

Mi-Shield Rub is an instant hand sanitizer. It is used for surgical & personal hand sanitization.

DIRECTIONS FOR USE

Surgical Hand Scrub : Rub on clean and dry hands upto elbow level after dispensing 6 pushes from spaces. Calibrate Mi-Shield Rub dispenser pump (9ml). Pay special attention to nails, grooves and intra digital spaces. Rub vigorously for 3 minutes.

Personal Hand Sanitization : Rub on clean and dry hands after dispensing 2 pushes from calibrated Mi-Shield Rub dispenser pump (3ml). Pay special attention to nails, grooves and intra digital spaces. Rub vigorously for 30 seconds.

PRECAUTIONS :

- Do not use in case of known hypersensitivity to Chlorhexidene.
- Inflammable keep away from fire.
- Do not mix with detergent or other chemicals.
- Avoid direct contact with eyes.
- Flush eyes with fresh water in case of contact.
- Keep out of reach of children.
